OEST LEICHTLAUFÖL LS SAE 0W-40

Description:

OEST LEICHTLAUFÖL LS SAE 0W-40 is a fully-synthetic easy-flowing motor oil with high performance for all Otto and diesel engines in cars and station wagons. It leads to a reduced fuel consumption of up to 3 percent.

The special formula (Low SAPS-technology) with a low ashes value and a minimized content of so-called catalyst-toxins (such as sulphur and phosphorus) allows the application in vehicles with exhaust after treatment (especially diesel particle filter systems).
